OneSpace

SNIPR™

Operational Intel On The Move

OneSpace Patrol

The new OneSpace Patrol app is a cutting edge tool for in-flield agents to use for intel, searches and alerts from the OneSpace SNIPR system. Our 1iD account system ensures that companies have complete control over who has access to each aspect of your SNIPR system.

Designed for real-time analysis with the power of the advanced SNIPR Hotlist model, the OneSpace Patrol App transforms any roleplayer into a modern-day, pro-active command centre focused on crime prevention.

In a Security Control Room or the hands of your Neighbourhood Watch.
Your Community is **Safer with SNIPR.**

COLLABORATIVE CRIME FIGHTING

Intercommunity connectivity is vital in successful crime-fighting and target-hardening. Powerful User management back-end linked to National Law Enforcement database.

EMPOWERING TEAMS

Control Room, Farm and Neighbourhood Watch, Community Policing Forums; In-field or office bound, our system supports you in collabrative crime prevention.

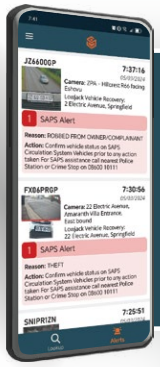

CONCISE ALERTS

Advanced data grooming and ongoing analysis to develop clean data sources by our 24-7 Staffed Verification centre means that alerts are informed by real-time intelligence.

OneSpace Patrol

In the fast-paced world of pro-active crime prevention, being mobile and informed is a minimum requirement.

The OneSpace Patrol Mobile Application has been designed to empower all stakeholders in the crime prevention chain. From Private Security Companies and Neighbourhood Watch to National and local Law Enforcement members on the ground, OneSpace Patrol is power in your pocket.

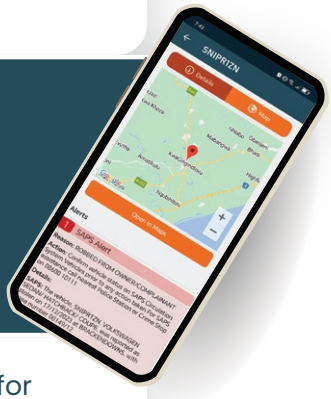

REAL-TIME ALERTS

- Alert popup with audio notification
- Location of alert - static or mobile
- Date and time stamp of alert
- Visual confirmation of plate read
- Colour coded alert priorities
- Quick summary
- Required action Details

CONTEXT IS KING

See the alerts on an interactive map

- Know where you are in relation to the alert
- Get quick directions towards the alert location
- Open and expand the map to orientate yourself to the area

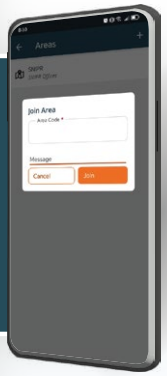

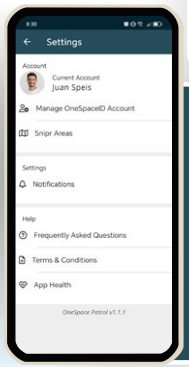

ALERT DETAILS

- Overview and plate image for visual verification
- Expanded details of the listing
- Quick link to Mapping apps with the location of the read
- Ability to feedback in real-time to the SNIPR 24/7 verification centre

SAFE SHARING

- Dual-consent from camera owners and app users for intel.
- 1iD account technology links users to all things OneSpace.
- Auditable and editable access to SNIPR intel can be revoked at any time by admin or user.

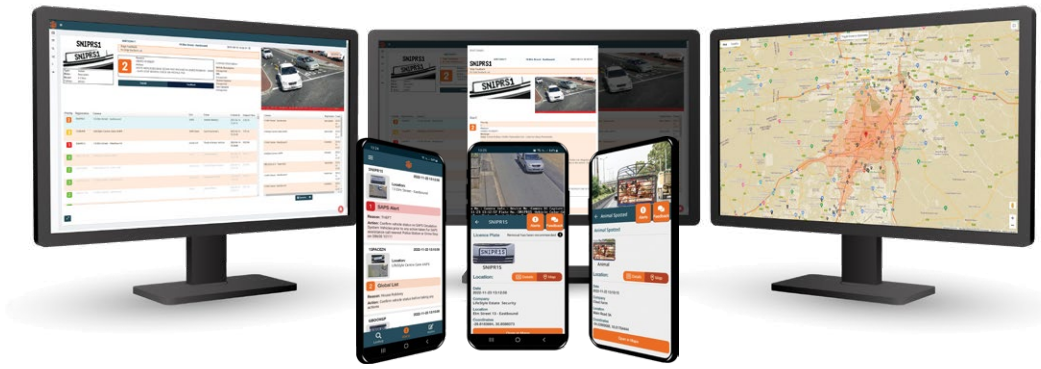

CUSTOM SETTINGS

- Choose whether to recieve notifications and alerts.
- Choose which cameras you want to recieve alerts from.
- Choose whether to use your vehicle as a test and get confirmation that your cameras are working correctly

OneSpace Patrol is compatible with SNIPR Online, SNIPR Spotter, and all SNIPR Kits

SNIPR SOLAR KIT

SNIPR ELECTRIC KIT

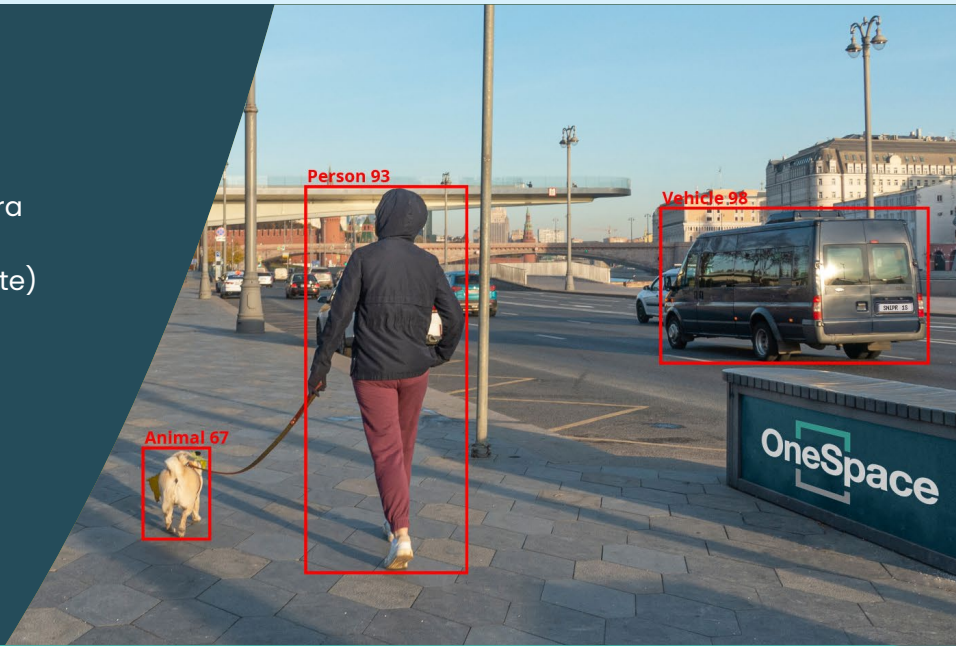

SNIPR COVERT KIT

SNIPR Spotter

SNIPR Spotter configures specific camera models to alert the SNIPR system of:

- Detected Vehicles (incl. no license plate)
- Detected People
- Detected Animals
- Time Based Alerts
- Line Cross Alerts

All alerts go through to the same online and Patrol app dashboards.
