OneSpace Connect

More of What You Want, in OneSpace

Exciting New Features, Endless Possibilities!

With convenient new features on top of it's existing capabilities, the Connect app is the perfect tool to empower residents and tenants.

Using Connect on your site means decentralised administration and empowering your site with tools for Smartphone and Biometric Access with Visitor Management and PIN generation. Add a Panic Button, Incident Reporting and Vehicle Enrollment and the Connect App is the perfect tool to enhance your site.

Your Connect App Already Does:

BLUETOOTH ACCESS

With an in-app interface to select specific gateways or shake-n-bake that lets you simply shake your phone to open the nearest accessible gateway.

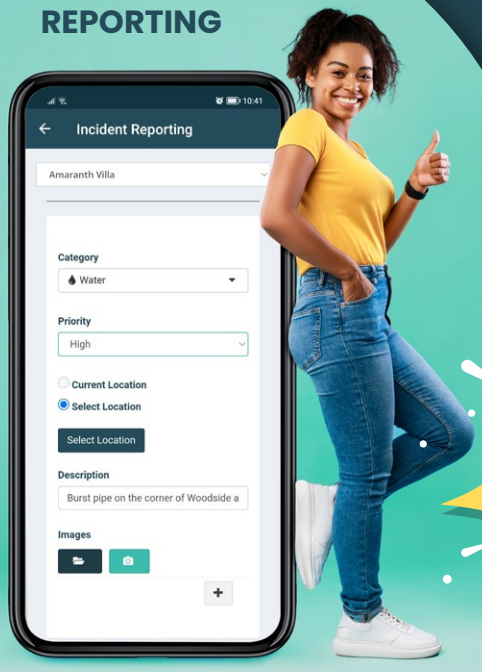

USER ADMIN

Every user on Connect has the ability to update their personal and contact details to ensure that your records are always up to date.

VISITOR PINS

Connect lets you invite visitors automatically with social share or automatic SMS PINs that give them access with real-time use notifications.

INCIDENT REPORTING

ENROLL YOUR VEHICLES

ONE APP TO DO IT ALL!

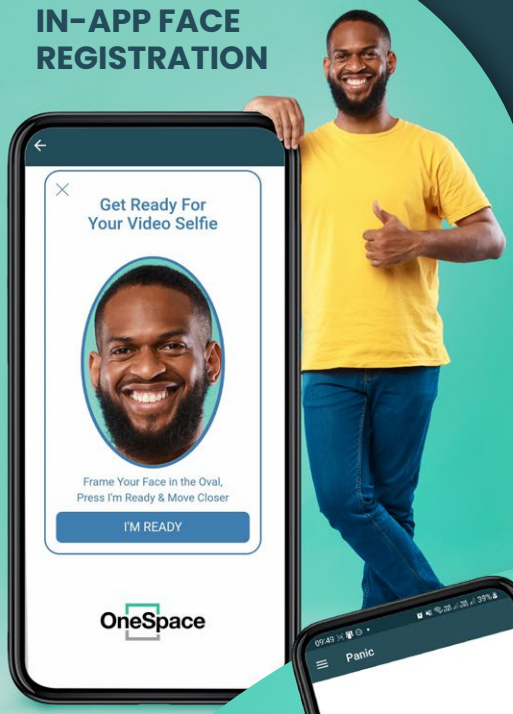

VEHICLE ENROLLMENT
Link your vehicle to your 1iD by simply scanning your vehicle license disk.

INCIDENT REPORTING
Log issues on your site directly up to management with image attachments and incident categories.

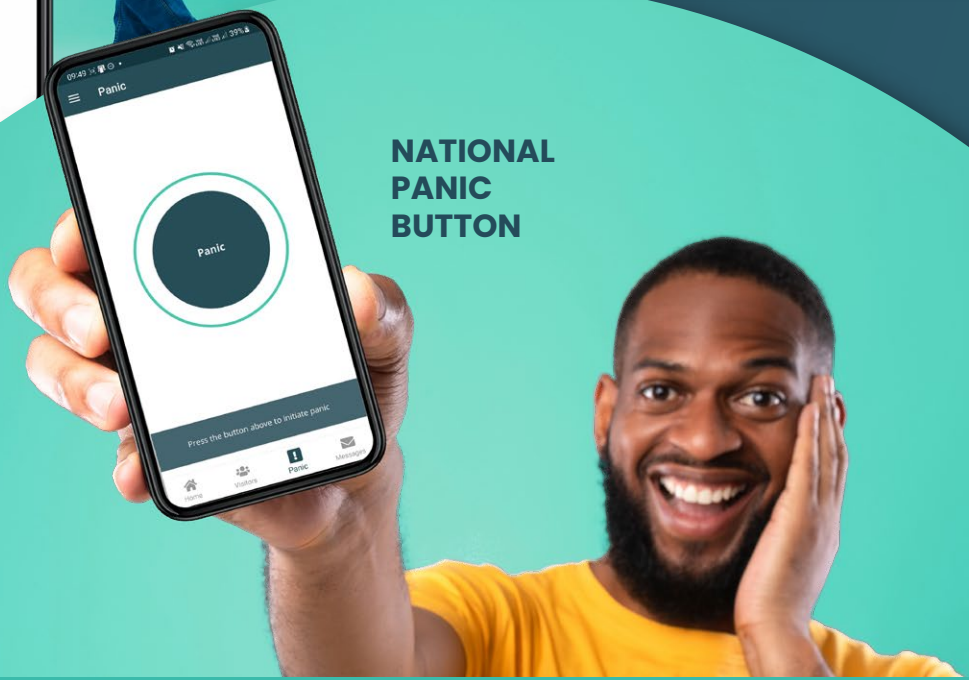

FACIAL RECOGNITION BIOMETRICS
Capture your face for biometric access directly in the Connect app with no additional hardware.

PANIC BUTTON
Connect App now has a built in Panic Button that reports in real-time with location data, supported anywhere in South Africa.

IN-APP FACE REGISTRATION

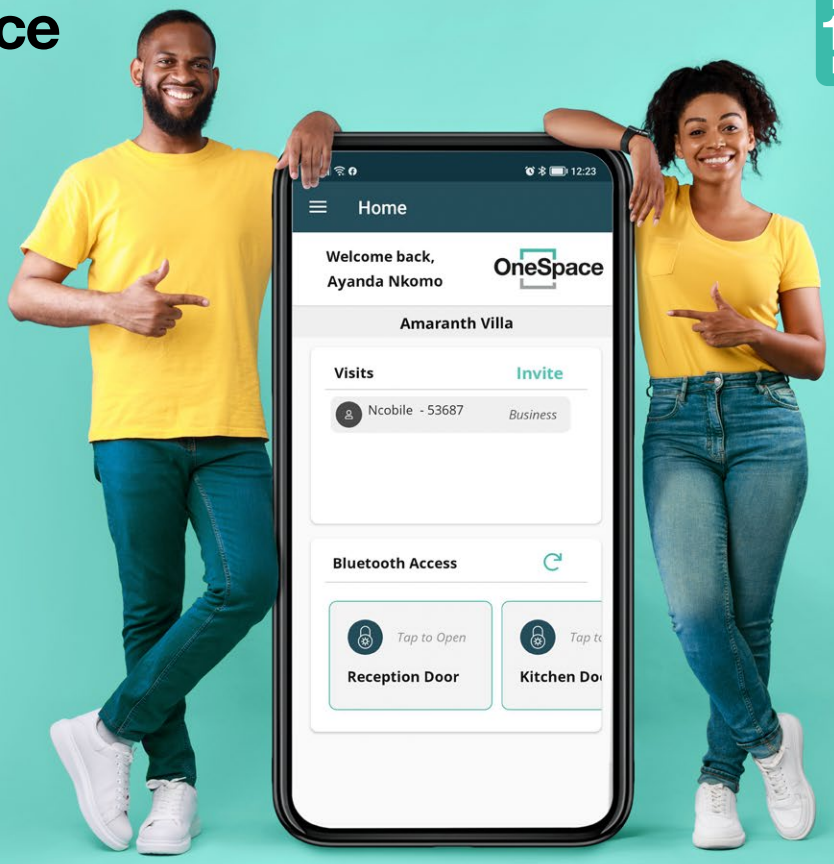

NATIONAL PANIC BUTTON

Connect

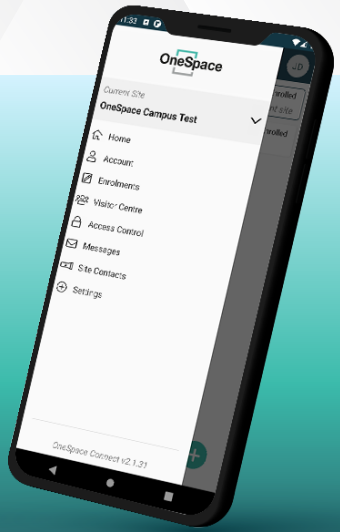

1iD One System for Ultimate Convenience

OneSpace systems are enhanced with 1iD technology. Which means that one user has one account that connects them on all levels of all our access control, visitor management and estate management platforms. This also means that your one account and password will work on the Connect app as well as our online portal; OneSpace Central.
