SNIPR™ Spotter

Do More with SNIPR Spotter

Vehicle, Person & Animal Analytics

Enhance your SNIPR cameras with SNIPR Spotter. An intelligent camera enhancement that alerts and records the presence of people, animals and vehicles even without a license plate read.

SNIPR Spotter let's you set up custom areas and times in your video feed to alert you when it detects people, animals and vehicles. Enabling you to be notified in real-time of any unwanted or unwelcome presence in the vicinity of your cameras, along with detailed, time-stamped, photographic records.

ANIMAL RECOGNITION

- Intelligent image diagnostics detect and record the presence of animals.
- Alerts can be configured for animals.

PEDESTRIAN RECOGNITION

- Intelligent image diagnostics detect and record the presence of people.
- Alerts can be configured for people.

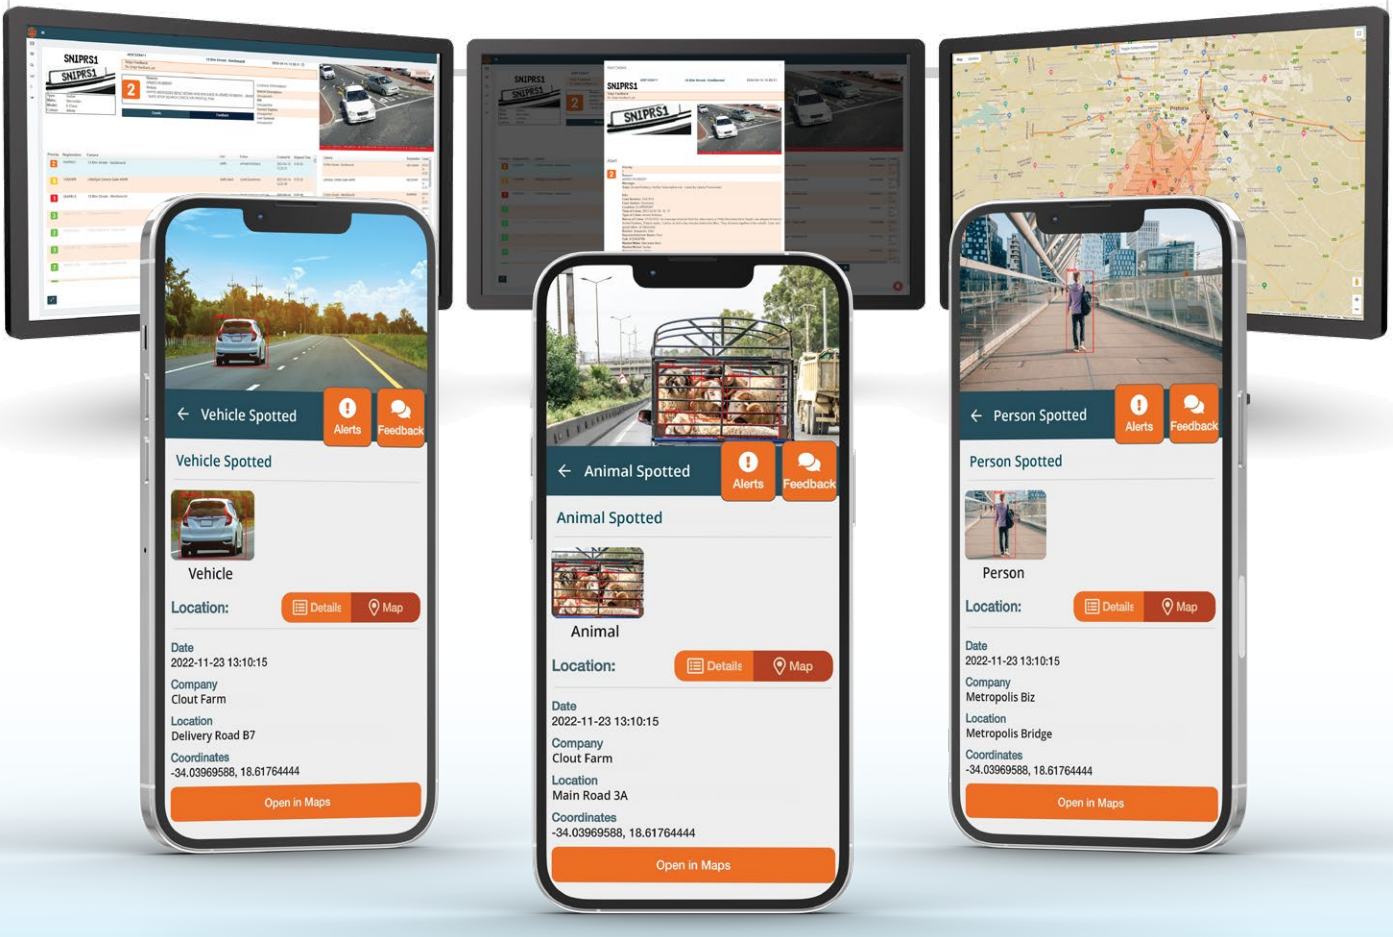

VEHICLE RECOGNITION

- Intelligent image diagnostics detect and record the presence of vehicles.
- Alerts can be configured for vehicles.

One System, All your Alerts.

License plate, person, tanker, truck or livestock. Get all of your alerts from all of your cameras through a single platform.

SNIPR's online portal can be logged into from anywhere using your secure account details. Or use the Patrol app to have your alerts with you on the go.

OneSpace Patrol App

Get Your SNIPR Alerts, Any Time, Anywhere!

SNIPR Spotter, SNIPR CheckPoint, and all mobile and stationary SNIPR ANPR solutions report to the same same system.

Use our **FREE** app and online portal to ensure that you never miss an alert, whether in the control room or out in the field.

How it Works:

Supported cameras only need an internet connection to link to SNIPR.
