OneSpace

SNIPR™

Leading Community Safety

Explore **SNIPR** by **OneSpace**, your **trusted partner** in **community safety**. We enable **extensive coverage** across **South Africa**, with **thousands of cameras** feeding **real-time data** to **protect** estates, businesses, and roads nationwide.

From **urban hubs** to **remote routes**, **SNIPR empowers communities** with **actionable insights**, ensuring **safer environments** through **advanced technology** and **seamless collaboration** with **law enforcement**.

EMPOWERING OWNERSHIP

You own your cameras, and we **enhance** them with **SNIPR's cutting-edge services**. Companies and individuals retain **full control**, **boosting security** without losing **ownership**, making your **investment work harder for your community**.

UNMATCHED EXPERTISE

OneSpace brings **over a decade** of **innovation** to tackle **community challenges**, from **safety** to **access**. **Our premier solutions**, backed by **advanced technology**, set the standard for **trust** and **reliability** across the nation.

SEAMLESS ENHANCEMENT

SNIPR enhances your **security setup**, offering a **unified approach** to **monitoring** and **alerts**. With our **exclusive system**, you gain **peace of mind** knowing **every aspect** of your **community** is **covered**. ***Safer with*** **SNIPR**.

Collaborative Crime Fighting

At **OneSpace**, **SNIPR** collaborates with **key crime-fighting groups** to make **South Africa safer daily**. We assist **SAPS**, **Crime Intelligence**, **Metropolice**, and **vetted law enforcement and security companies nationwide** with **intel** for **investigations** and **sting operations**. Our **strong partnership** with **BACSA** and contribution to the **E2 (Eyes & Ears) Initiative** amplify our impact, **enabling real-time data sharing** that helps **disrupt criminal activity** across **urban and rural communities**. **SNIPR's nationwide network** supports **proactive policing**, ensuring **safer streets for everyone**.

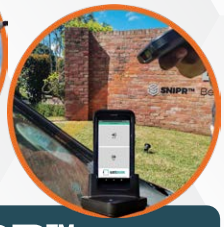

With **1iD** and **SNIPR Safe Sharing**, you **control your data completely**. This **dual-authenticated sharing** lets you decide what to share, from **local lists** to **full visibility**, and adjust as needed for **seamless, secure collaboration**. Users can opt into sharing agreements with **trusted partners**, tailoring **access** to **specific cameras** or **hotlists**, ensuring **privacy** while **enhancing community safety** through **targeted cooperation**.

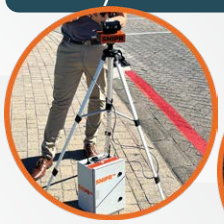

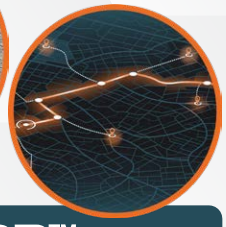

ANPR

SNIPR™
Enhanced roadside **ANPR** capturing **vehicle plates** across key routes.
